## Professional Profile

Software developer with 2 years of experience, holding a degree in Information Technologies and Systems from the *Universidad Autónoma Metropolitana (UAM Cuajimalpa)*. Skilled in web and mobile app development, database management, and system maintenance. Passionate about creating innovative technological solutions, with strong communication, teamwork, problem-solving, and attention to detail. Seeking opportunities to advance my professional and technical growth.

## Education

### Bachelor's in Information Technologies and Systems

2017 - 2024

Universidad Autónoma Metropolitana (UAM) Campus Cuajimalpa

## Experience

### Freelance Projects

2025 - Present

Landing Page for an Independent Architect.

- Built from scratch using Vite, React, and Tailwind CSS for frontend design, and Node.js for backend configuration. Developed in VS Code with productivity extensions.

### Graduation Project

2024

Android Math Practice App for 5th and 6th Grade Elementary Students.

- Full-stack Android development: XML for frontend, Java/Kotlin for backend functionality.

### Chubbies Burger (AMG Hospitality Group)

Mar 2022 - Mar 2024

Order Management Software Maintenance & IT Support.

- Maintenance of order application and implemented new features to enhance service efficiency (e.g., data validation/transmission).
- Provided technical support for in-store IT issues (troubleshooting order app, Soft Restaurant, and FoodBot software).
- Oversaw configuration and maintenance of branch software systems (Soft Restaurant, FoodBot).

## Academic Publications

2022 - 2023

Authored and published 2 academic articles:

- "Revisión de Aplicaciones Móviles para Temas de Matemáticas de Quinto y Sexto de Primaria". Published in AcademiaJournals.com (Vol. 14, No. 09, 2022), indexed in EBSCOHOST. Also included in the ebook 'Transformación hacia una Nueva Comunidad Tecnológica - Celaya 2022'.
